Re: Product Change Notice – EMCORE 78xx-series Photo Receivers

EMCORE PCN # 2016-1005

Dear Customer,

Thank you for your support of EMCORE products. This Product Change Notice is to inform you that EMCORE shall enable contract manufacturer Hytera Communications Corporation Limited (Hytera) to increase our production capacity for EMCORE's 78xx Series Photo Receivers. Our targeted effective date is September 30, 2016, or sooner, should customer elect.

Purpose/Reason:

Due to strong market demand, EMCORE has opted to utilize Hytera as an additional manufacturing location and provide capacity expansion for our coaxial laser products.

Change detail:

There is no change in: form fit, function or specification to any of our photo receivers. There is also no change to manufacturing processes and equipment. Hytera shall manufacture the receiver products embracing EMCORE's established Bill of Material, Approved Vendors, production procedures, test methods and control documents. EMCORE has conducted a compete qualification for receivers produced at Hytera. Please see additional qualification reports.

Evaluation Sample availability:

Samples for each of affected models listed above are available for evaluation immediately upon request.

Thank you again for your support of EMCORE products. Should you have any questions or concerns regarding this notice, please feel free to contact your EMCORE representative or reach me at (626) 476-9084.
